Welcome Message from the Local Organizing Committee

The Asian Association of Schools of Pharmacy (AASP) was established in April 2001 to promote cooperation, networking and mutual learning of pharmacy education, research and practice among pharmacy schools in Asia. Since 2004, biennial conferences were held to showcase the advancement in the areas of pharmacy education, practice and multidisciplinary pharmaceutical sciences.

The 9th AASP Conference with the theme “Impact of Rapidly Changing Environment on Pharmacy Education, Practice and Pharmaceutical Sciences in Asia” will be held in Suwon, Korea from 3 July to 5 July 2019.

A 3-day program includes plenary lectures, symposia, presented by eminent speakers from both academia and industry. In addition, poster presentations of research work from the region will be provided. Other highlights of this event include a 1-day pre-conference focusing on the emerging trends and technology of Pharma and Biopharma industry at an era of 4th Industrial Revolution, including a tour of smart factory.

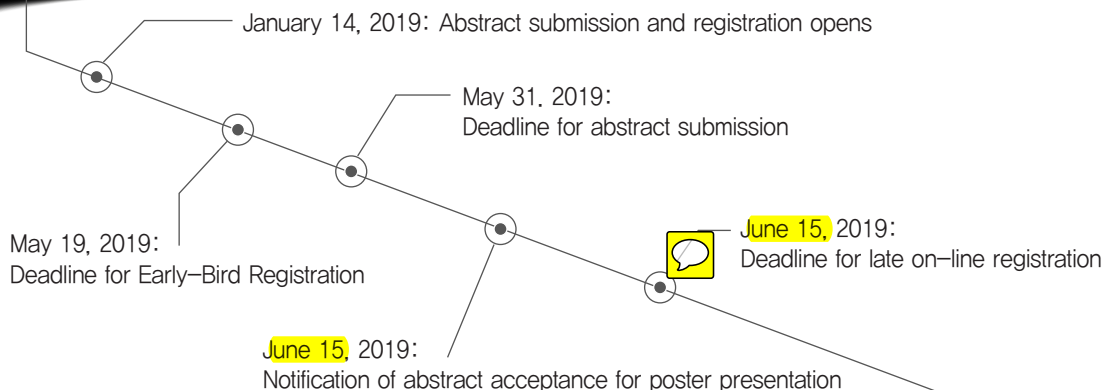

This conference will offer a unique opportunity for interaction and networking amongst students, faculty members and scientists from different regions in Asia as well as for future promotion and advancement of pharmacy and pharmaceutical science.

The conference will be hosted by the Korean Society of Pharmaceutical Science and Technology (KSPST) with sponsors such as Korean Pharmaceutical Biopharma Manufacturers Association, Pharmaceutical Society of Korea, Korean Pharmaceutical Association, Ministry of Food and Drug Safety and Ajou University.

We look forward to your participation and strong support in the upcoming 9th AASP Conference in Suwon, The Republic of Korea.
