Accommodation Information for
Exchange and Study Abroad Students

Student Dormitory (Block P)

The Student Affairs Office (SAO) manages a limited number of rooms on the 14th floor of the student dormitory (*Block P - a new building just opened to student in 2015*) for exchange/study abroad students.

Rooms are allocated on a 'first come, first served' basis. Please apply as early as possible.

In the event of a room on campus not being available, the University will provide assistance in your seeking accommodation off-campus.

ROOMS AND FEES

There is only one type of dormitory room offered for exchange/study abroad students.

You may choose single or double occupancy:

Single occupancy: Hong Kong Dollars (HKD) 5,200 per month

Double occupancy: Hong Kong Dollars (HKD) 3,150/student/month

The fees include basic furniture, water, electricity, and 24-hour internet.

*Bedding is not included, you can order from us. A set of bedding costs HKD 1,100 which includes two fitted bed sheets, a blanket, a duvet with two covers and a pillow with two pillowcases. Or you can bring your own bedding.

(These can also be purchased cheaply from large supermarkets locally)

Double Room

- Rooms are limited, if we are unable to make you a single room offer, you may have to share the room with another student that we assign.
- *Vice versa*, if we cannot find you a room-mate, you may have to pay for single occupancy.

There is an option to request for a regular 4-student dormitory room. This type of room is prioritized for regular university students.

Fees: Hong Kong Dollars (HKD) 1,500 per month per student

Electricity cost: Share monthly power bill with room mates

Other cost: Hong Kong Dollars (HKD) 1,800 bedding (one-off payment, not refundable or transferable)

The fees include basic furniture and broad band service, and internet (which is terminated at midnight).

CHANGING ROOMS

If for some reason you want to request for a change of room after moving in to the reserved room, a (HKD) 500 relocation fee will be charged on successful application.
